TOWERS

BY TIGER PROPERTIES

Tiger Properties is a leading real estate development company in Dubai. With a 120+ million square feet built-up area, Tiger Properties has over 270+ towers, including residential, retail, and hospitality. Presenting our new architectural jewel in Jumeirah Village Triangle.

An architectural rendering of the Güzel Towers, featuring two tall, modern skyscrapers connected by a central swimming pool. The towers have a distinctive stepped design with multiple setbacks. The base of the towers is a curved, glass-fronted podium. The surrounding area includes palm trees, a parking lot with several cars, and a street with more vehicles. The overall style is a clean, white line drawing on a black background.
