

AMAZONIA

LUXURY RESIDENCE

AMAZONIA

Residence

Amazonia Residence blends well with its natural surroundings. A refined, elegant and thoughtfully designed contemporary residential development of apartments that are spacious and warmly intimate. Complemented with a mix of family-centered amenities that will upgrade residents' lifestyles, featuring a central courtyard, resort-inspired pool deck and an activity wall.

A modern apartment building that seamlessly blends aesthetic appeal with functional design. This development features a striking brick red facade, accented by the warmth and texture of wooden elements, creating a visually engaging exterior. The building's sleek glass railings contribute to its contemporary style, while the predominant use of white provides a clean and sophisticated backdrop. Thoughtfully integrated green landscaping elements not only enhance the visual appeal but also promote a serene and natural environment for residents. This harmonious combination of materials and design details ensures a modern, inviting, and sustainable living space.

Interior themes and features

Living space

The living room is a spacious open space that merges with the kitchen, providing ample space to host and interact with family and guests. It is a clean and well-organized space characterized by contemporary aesthetics adding a tranquil sense of serenity, and giving the space a cozier look and feel.

Bedroom

The bedroom at Amazonia Residences is a private place for residents to unwind , relax and sleep. Meticulously designed with soft tones, wood-like floors, and expensive sunlit windows, the bedrooms provide an inviting respite.

The background is a high-quality architectural rendering of a modern building. On the left, a large, multi-tiered waterfall cascades down a light-colored stone wall. To the right, a swimming pool with blue water reflects the sky and the building. The building features large glass windows and a flat roof with recessed lighting. In the background, there are palm trees and other tropical plants. The overall atmosphere is serene and luxurious.
